COAL STOCKS LEAD MARKET

High Priced Issues Make Sharp Advances.

WESTERN SECURITIES ALSO STRONG

Excellent Railway Earnings and More Confidence in Monetary Conditions - Amalgamated Opens Firm.

NEW YORK, Dec. 18 .- Activity and strength attended the dealings in today' early security market. The upward movement was led by the coal stocks, es pecially the high-priced issues, which advanced sharply, St. Paul, Union Pacific Atchison, Southern Pacific, and local tration shares. Amalgamated Copper opene firm at yesterday's closing price, but soon rose 14 points to 64%. Later, however, reaction took place in Copper and a poin more than the gain was lost. Rallway Earnings and Easy Money.

More confidence in the monetary situa tion and the continued excellent showin of railroads in the matter of earning were the influences which governed senti-

ment.

In the industrial list, Tennessee Coal gained a point. The local tractions were firm and Long Island on small sales rose 1½ per cent. Sugar was steady. The speculation shows a strong undertone and f stocks to 1 p. m. were 430,600 shares; ands, \$2,630,000. buying was considered substantial. Sales

The London Market.

The London market for American stocks showed fractional advances in comparison with yesterday's final local prices, and the whole market there was strong, on the apparently more definite prospects for an early termination of the South African

Moreover it is the opinion of many con-

servative people that with stocks so closely held as at present there is a very good chance that this buying will cause sharp advances in many parts of the list. Much, however, of course will depend on monetary and other conditions. It may be said without any exaggeration that the monetary outlook for the new year is very good.

discouraging, either. Call loans were ferred to the legislative committee, which made this morning at 5 and 6 per cent, is composed of John H. Gassaway, Wilmade this morning at 5 and 6 per cent, and there seems no probability of a recurrence of the high rates of last week. The banks are still losing to the subtreasury this week, but up to the present time the losses have been only about half what they were last week. It should be remembered, however, that there is no proability of a large reduction in loans this week.

The Union Pacific Report.

News and gossip this morning was generally of a cheerful nature. The Street the year which is a week or more over-due is to be published in a day or two and that it will make an excellent show-Union Pacific was bought heavily by Kuhn Leeb & Co. this morning and

report of gross earnings for the econd week of December, showing an increase of \$77,000, was perhaps the best bull argument. There was talk, however, of a new stock issue at the beginning of the year which will give valuable "rights" to stockholders. The Standard Oil people re said to be making purchases of the

secured an alliance with the Delaware, Lackawanna and Western for an entrance into New York, and it is not impossible that there may be some truth in the ru-

mor.

It is also said that the Wabash de-benture "A" and "B" bonds are to be retired and replaced with a 3½ or 4 per cent bond, a plan which, it is stated, will give the Goulds a better control of the

A third rumor is that Carnegie interests are friendly to the Wabash because of their opposition to the Pennsylvania, and her opposition to the Pennsylvania, and that they may be interested in some of the plans of the Goulds for the betterment of the position of the company. In this connection it is reported that the company has secured the right of way to onnect with the Bessemer and Lake Erie Railway, thus giving it an entrance into Homestead.

The Sugar Fight.

The Sugar fight, if it is a fight, is going rward merrily. The American Sugar definery today reduced the price of reined 10 points to meet the cut of the inispendents made yesterday. The statement is made, however, that the margin between the price of redned and raw is quite as large as it was when prices were highest several months age. Sugar stock was strong this morning, showing no adverse effects from the price cut.

Another Cut in Copper Prices.

Another reduction in the price of Coper was announced this efternoon by the United Metals Selling Company, the sales agent of the Amalgamated Copper Com-pany. Lake Copper is reduced to 14 cents, electro to 13% cents, and castings

on 13 cents.

This is a decline of 1½ from prices exed last Friday. Following closely on he heels of a cut in Copper in London, it is presumptive evidence that the fight etween the foreign and American deal-

between the foreign and American dealers is becoming warm.

Amalgamated Copper stock was strong this morning, but later in the day went off a point or more. At no time, however, did it show any pronounced weakness such as characterized its movements last week. The Street is getting to a point where nothing would surprise it in the copper situation, even an advance in Amalgamated stock, while the price of copper metal is dropping.
